

We are currently seeking a technically proficient new team member with growth potential for the position of Division Manager / Specialist Planner (Video).

Department Head

Video Systems Planner

Your Responsibilities

In this responsible position, you will lead the video department on your assigned projects. You will plan materials, personnel, additional services, and logistics requirements, and also support project managers in preparing video proposals. Furthermore, your diverse responsibilities include leading the video department on project sites and conducting final team meetings.

Your Profile

Ideally, you have completed vocational training as an event specialist or event technician and are a proven expert in video with several years of professional experience in this field. You can work in a structured manner and remain calm under pressure in a fast-paced environment. German is your native language; knowledge of English and/or French is an advantage. Experience with EasyJob will even give you a competitive edge.

The Offer

Dive into the world of event technology with the Swiss industry leader. We offer you the opportunity to gain a foothold in a dynamic and unique industry and, if suitable, to develop your skills further. In addition to an attractive workplace in Wohlen, there is the option to work partly from home.
