

To strengthen our project management team, we are seeking a professionally qualified individual to serve as a Project Manager.

Project Manager

Project Manager

Your Role

Leveraging your solid technical and commercial expertise, you will develop innovative and creative concepts, prepare proposals and project documentation, and collaborate closely with our support units. You will plan resources for national and international projects—ensuring adherence to schedules and budgets—and take responsibility for maintaining our quality standards. Throughout the project lifecycle, you will independently manage and oversee operations while serving as the primary point of contact for the client.

Your Profile

You must have several years of experience as a project manager in the event technology sector, along with a strong understanding of the Swiss trade fair and event industry. You bring technical expertise in event technology as well as a flair for sales. Proficiency in German and good written and spoken English skills are required. You possess excellent organizational and communication skills and are familiar with industry-

standard tools.

What We Offer

Immerse yourself in the world of event technology with the Swiss industry leader. We offer you the opportunity to establish yourself in a dynamic, exciting industry and to continuously grow professionally. Our motivated team provides an environment that fosters creativity and personal initiative.
